David A. Paterson
Governor

Patrick Hooker
Commissioner

David M. Barry, Jr., Clerk
Monroe County Legislature
410 County Office Building
Rochester, New York 14614

Dear Mr. Barry:

In accordance with Section 303-a of the Agriculture and Markets Law, the Monroe County Legislature submitted to me, by Resolution No. 7 of 2008, a district review plan to consolidate with modification, Monroe County Agricultural District No. 6.

Following review of the plan and its related documentation, I find that the plan is eligible for districting.

In accordance with the statutory procedures for certification of agricultural district review plans, the Commissioner of Environmental Conservation has determined that the District is consistent with state environmental plans, policies and objectives.

In consideration of my review of the proposal and the determination of the Commissioner of Environmental Conservation, I hereby certify that:

- A. The District is eligible for redistricting.
- B. The District consists predominantly of viable agricultural land.
- C. The plan of the District is feasible.
- D. The District will serve the public interest by assisting in maintaining a viable agricultural industry within the District and the State.

The County is required to complete the next review of Agricultural District No. 6 on or before October 12, 2015.

Signed and Sealed at the Town of Colonie,
County of Albany, New York,
This 18th day of November, 2008

A handwritten signature in black ink that reads "Patrick Hooker".

PATRICK HOOKER
Commissioner of Agriculture and Markets
of the State of New York

1.0 INTRODUCTION

Article 25AA, “Agricultural Districts,” of the New York State Agriculture and Markets Law (NYS AML) provides counties with the opportunity to create agricultural districts for the purpose of protecting and promoting the agriculture industry. Once created, the law requires that each district be reviewed on an eight, ten, or 12-year basis to see if it is still achieving its intended purpose. In Monroe County, districts must be reviewed every eight years.

New York State Agriculture and Markets Law, Article 25AA, Section 303-a(1) provides for a county legislature to review an agricultural district eight years after its creation and every eight years thereafter, and recommend continuation, termination or modification of the district. The Northeastern Agricultural District was created in 1975 as the County’s third and smallest agricultural district, while the Southeastern Agricultural District was also created in 1975 as the County’s fourth agricultural district. The Northeastern and Southeastern Agricultural Districts were reviewed simultaneously in 1999. The list of parcels that comprise these two districts is included as Appendix A. This list contains parcels that were added in 2003, 2004 and 2006 per Section 303-b of NYS AML, Article 25AA.

Section 303-a(1) of the NYS AML also permits the county legislature to extend reviews and combine districts, especially those whose anniversary dates are within twelve months of each other. The anniversary date for the Northeastern Agricultural District #3 was May 13, 2007, while the anniversary date for the Southeastern Agricultural District #4 was October 12, 2007. In order to expedite the review of these two districts, the Monroe County Legislature approved a resolution to petition the Commissioner of the New York State Department of Agriculture and Markets (NYS DAM) to change the anniversary date of the Northeastern Agricultural District #3 from May 13, 2007, to October 12, 2007 (the anniversary date of Southeastern Agricultural District #4) and to consolidated the two districts and, to avoid confusion, rename the consolidated district the Eastern Agricultural District #6 while retaining the October 12, 2007, anniversary date.

Monroe County’s Northeastern Agricultural District #3 is located in the Towns of Webster, and Penfield; Monroe County’s Southeastern Agricultural District #4 is located in the Towns of Pittsford, Perinton, Mendon, Rush, and Henrietta (see Map 1). The following sections of this report contains an overview of the review process, a listing of proposed modifications to the Southeastern Agricultural District (no changes were requested or recommended for the Northeastern Agricultural District), a discussion of the review factors that are required in Article 25AA for district reviews, and the recommendation to continue the districts with modifications to the Southeastern District and to consolidate them.

2.0 REVIEW PROCESS

The agricultural district review process is prescribed in NYS AML, Article 25AA, Section 303-a. The process calls for the agricultural and farmland protection board and the county planning board to prepare a report concerning various factors and make a recommendation to the county legislative body regarding the district. The review is a participatory process that also includes citizens within and adjacent to the district and encourages landowners to review and to provide direct input in the final makeup of the district. It is during this review process that a landowner may request to add land to or remove land from a district. Adding land to and/or removing land from a district results in a modified district. Finally, input is also solicited from town leaders, core farmers, and local agribusiness experts.

Agricultural and farmland protection boards are established pursuant to NYS AML, Article 25AA, Section 302. One of the board's responsibilities is to ensure that agricultural interests are considered during the review process. County planning boards are responsible for representing county and local governments in the review process. The combined expertise of these two boards ensures that a thorough review of the district is undertaken. The knowledge of these boards on the review factors enables them to advise the county legislative body on the benefits associated with agriculture, both as a land use and as an integral part of the county's economy.

The specific process for the agricultural district renewal in general is as follows:

After receiving notification from the state that the review should be undertaken, the county legislative body publishes a legal notice announcing that the review is underway and that the municipalities in the district and the public have 30 days to submit requests for district modification to the county legislative body. The review considers the needs of the farmers in this area and the development goals and objectives of the municipalities within the agricultural district, and the County's development goals and objectives for the area of the County in which the district is located.

At the end of the 30-day period, the requests received by the county legislative body are forwarded to the agricultural and farmland protection board and the county planning board for review. These two boards use these communications along with other pertinent information to develop a joint recommendation on the district. This recommendation is then forwarded to the county legislative body for action.

The county legislative body holds a public hearing at a location in the agricultural district to present the joint recommendation and to obtain any final comments. If necessary, the legislative body revises the recommendation following the public hearing and typically acts to continue and/or modify the district. This recommendation is then forwarded to the NYS DAM for district certification. The review process ends when the county receives a district certification notice from the Department of Agriculture and Markets.

3.0 DISTRICT REVIEW

After receiving notification from NYS DAM that the review of the Northeastern Agricultural District #3 and the Southeastern Agricultural District #4 should be undertaken, the Monroe County Legislature published a legal notice announcing that the review is underway and that the municipalities in the district and the public have 30 days to submit requests for district modification to the county legislative body (see affidavits of the 30-day review period and public hearing announcements in Appendix B).

Staff from the Monroe County Agricultural and Farmland Protection Board (AFPB) and the Monroe County Planning Board (CPB) gathered information about agriculture in each district per Section 303-a of Article 25AA of the NYS AML, discussed below. The report included two requests to add land to the Southeastern District and three requests to remove land from the Southeastern District (see Appendix C). The AFPB and the CPB met separately during September 2007, to consider the proposed district boundary modifications and the factors summarized in the report.

The Monroe County Agricultural and Farmland Protection Board and the Monroe County Planning Board recommended modifying the Southeastern District as requested, continuing both Districts and consolidating the Districts into the Eastern Agricultural District #6.

3.1 Proposed District Boundary Modifications

The proposed district boundary modifications are based on landowner requests to be added to or removed from the district. A list of requests to add parcels to and remove parcels from the Southeastern District is included as Appendix C and summarized in Table 1; no requests for modifications to the Northeastern Agricultural District were received. The breakdown of the requests is as follows: one request to remove 37 parcels in Pittsford totaling 63 acres; one request from a property owner in the Town of Rush to remove one parcel of 50.0 acres; one request to add two parcels in Mendon totaling 110 acres; and one request to add one parcel in Rush totaling 57.71 acres.

The Southeastern Agricultural District and its proposed boundary modifications are shown on Map 2. The requests to add land to the district amount to 168 acres; the requests to remove land from the district amount to 113 acres. The modifications would result in a net increase of 55 acres to the Southeastern Agricultural District #4.

The way in which agricultural district parcels are compiled changed often over the past eight years with new directives from the NYS DAM and as the municipalities, the county and the state came to rely more heavily on computerized data and mapping. Upon the completion of the last review in 1999, the Northeastern Agricultural District #3 was listed as 8,361 acres; recalculation at the outset of this review indicated that 10,203 acres are under consideration for this review.

Upon the completion of the last review of in 1999, the Southeastern Agricultural District #4 was listed as 31,984 acres while the acreage under consideration for this review is 37,352. The recalculated acreage includes the addition of 242 acres added since 1999 as part of the “303-b annual addition process.” As a result of this review, the Southeastern Agricultural District will grow by 55 acres for a total 37,407 acres (see Table 1)

Table 1. Proposed Eastern Agricultural District Inclusions and Exclusions

Municipality	No. Parcels		No. Acres	
	Add	Remove	Add	Remove
Mendon	2	0	110	0
Pittsford	0	37	0	63
Rush	1	1	57.71	50.0
TOTAL TO ADD OR REMOVE:	3	38	168	113
2006 TOTAL ACRES:	37,352			
2007 TOTAL ACRES:	37,407			

The consolidated district, the Eastern Agricultural District #6, contains 47,610 acres with the modifications to the Southeastern Agricultural District proposed here.

3.2 Consideration of Review Factors

Section 303-a of Article 25AA lists the factors to be considered in reviewing an agricultural district. The following text represents the results of the consideration of these factors as they relate to the review of the Northeastern and Southeastern Agricultural Districts.

3.2.1 Agricultural and Farmland Protection Board Factors

1. Nature of Farming and Farm Resources within Districts

The districts will consist of predominantly agricultural land and other land not well suited for residential and commercial development such as wetlands and flood plains. There will also be a significant amount of woodland within the boundaries of the proposed districts. The agricultural land within the proposed district contains the land holdings of several of Monroe County's major commercial farm operations. These farm operations provide a significant economic contribution to the county's economy. The farms also contribute to the diversity of employment opportunities available in the county and provide a significant amount of land to the open space inventory.

2. Overall Status of Farming, the Farm Economy, and Farm Investment

Farm operations continue to be a significant land use within the districts; the Agricultural District Review Profile is included as Appendix D. Since 1999, one dairy operation has closed, one fresh market vegetable and fruit farm has closed and one Community Supported Agriculture (CSA) vegetable operation has opened. The number and composition of the operations in other enterprises, such as cash crops, orchards, horse, and fresh market has remained constant. The distribution of farms over ranges of capital investment in farm operations has also remained constant.

3. The Extent to which the Number of Farms and Farm Acres in Districts Further the Purposes for which Districts were Originally Created

Well over 50 percent of the land in the districts is actively farmed. At a meeting with the Monroe County Farm Bureau in April 2007, one-on-one visits and numerous telephone conversations during March through June of 2007 with landowners and farmers within the districts, both farmers and landowners reported that nuisance issues and the threat of non-conforming uses are major concerns and that the impact of residential development was instigating hardships on production practices, especially in terms of drainage and noise, odor and dust complaints. Almost all farmers and landowners indicated that farm operations in the districts need the continued support of the agricultural district; the Agricultural Districts Law helps in managing complaints and providing clarity on policy issues and enforcement of laws, rules, regulations and ordinances at both the town and county level.

4. The Extent to which the Districts have achieved Their Original Objectives

During the past eight years the density of new residential development within the districts has continued at a moderate pace. Agricultural land continues to be subdivided and converted to non-farm uses, but much of the farmland that remains within the district boundaries is owned and/or leased by economically viable and competitive farm operations. Much of this remaining farm land is expected to be used for agricultural purposes or for low-density residential development, primarily along road frontages. In regards to agriculture value assessments, only the Town of Henrietta reported significant conversions of two large agricultural parcels that triggered rollbacks penalties of significant magnitude. No other towns reported rollbacks.

5. County Agricultural and Farmland Protection Planning or Implementation Efforts Pursuant to Article 25AAA.

The Monroe County legislature adopted the Agricultural and Farmland Protection Plan in March 1999. This plan includes an inventory, analysis and recommendations concerning the disposition of agricultural lands throughout the County as well as within the district. Overall, town plans are consistent with the countywide plan; however, some unique approaches as well as inconsistencies exist and are listed by municipality within the County Planning Board section of this report. Upon participatory assistance from the County, several municipalities have updated their comprehensive plans to further protect and promote agriculture and implement purchase of development rights within their jurisdictions. The Towns of Pittsford and Perinton initiated the purchase of development rights during the 1990s, while the Towns of Henrietta, Penfield, Webster, and engaged in purchase of development rights since 1999. The Towns of Mendon and Rush have engaged in offers to purchase development rights but have yet to do so.

6. Recommendations to Continue, Terminate or Modify Districts

Based on the strong viability of the current agriculture within the districts and continued development pressure, a need still exists to ensure that a favorable economic climate continues so that land speculation and adverse impacts due to development are minimized or mitigated.

Inclusions

In the Town of Mendon, one owner has requested that two parcels totaling 110 acres be added of which approximately 25 percent of each parcel is in viable farming. The owner intends to increase the amount of viable acreage within each parcel in the pursuit of organic production over the next several years. In the Town of Rush, a request by the owner of one parcel totaling 57.71 acres has requested to add land that is predominantly wood land which provides a significant environmental buffer, transition zone, and wildlife habitat area for an adjacent farm operation.

During an agricultural district renewal, lands which are not considered as predominantly viable in an agricultural use can be added if they are considered as supportive of the intent of the agricultural district and/or will become predominantly viable within the foreseeable future. Hence, the AFPB recommends the inclusion of these three parcels to the Southeastern Agricultural District.

Exclusions

In Rush, the owner of one parcel totaling 50 acres has not used the land in an agricultural use for over 20 years, and does not desire to use this land in farming or have this land considered as an agricultural use. In the Town of Pittsford, 37 parcels totaling 63.2 acres are part of a request to be removed by one landowner for the purposes of building single family homes. Hence the Board recommends the removal of these parcels from the Southeastern Agricultural District, since these lands are no longer intended for agricultural use or supportive of farming activities within the district.

Based on the information discussed above, the Agriculture and Farmland Protection Board strongly recommends the renewal and modification of the Northeastern Agricultural District #3 and the Southeastern Agricultural District #4 and their consolidation into the Eastern Agricultural District #6.

3.2.2 County Planning Board Factors

1. Effect of Districts on County and Local Comprehensive Plans, Policies and Objectives

County Comprehensive Plan

The conceptual plan for the County's development pattern is contained in the Land Use Element of the adopted Monroe County Comprehensive Development Plan (1975). The Plan recommends that a limited, if any, portion of the district would be needed for urban development through the year 2000. There is ample land available for urban development needs outside the proposed modified agricultural district area. The land that has water, sewers and a good transportation system would be targeted to receive the development that accompanies the expansion of the county. Areas that cannot readily support the various conditions for development without significant outlays of public monies to provide improvements would be isolated from development and targeted for other non-intensive uses such as agriculture.

The agricultural districts have had a positive influence on the County's Comprehensive Plan in that they reinforce the Plan's land use recommendations for this portion of the County. When public road, sewer, and water projects traverse farmland, the district's regulations place limitations and conditions on these projects that help minimize their impact on the land. Thus, in this context and from an agricultural perspective, the districts have a positive influence on capital improvement projects.

District Capital Improvements (Monroe County)

When public road, sewer, and water projects traverse farmland, the districts' regulations place limitations and conditions on these projects that help minimize their impact on the land. Thus, in this context and from an agricultural perspective, the districts have a positive influence on the capital improvement projects.

Monroe County Department of Transportation (DOT)

Monroe County DOT did a review of project activities for roads, bridges and culverts that would have been constructed in either the Northeastern Agricultural District #3 or the Southeastern Agricultural District #4 between 1999 and 2007 and the following projects were undertaken during that time period:

- 2000: Cheese Factory Road Bridge replacement (BIN 3317140) completed
- 2003: Plains Road Bridge replacement (BIN 3317730), completed
- 2003: Erie Station Road, Middle Road to NY Rte. 15A, completed

In addition, the following projects are currently planned within the districts as per the proposed 2008-2013 Monroe County Capital Improvement Program.

- 2008: Salt Road Bridge replacement (BIN 3317900)
- 2008: Marsh Road Bridge replacement (BIN 3317870)
- 2009: Honeoye Falls Road #6 Bridge replacement (BIN 3317760)

Monroe County Water Authority (MCWA)

Currently there are only two proposed projects within these districts: the East Side Water Supply Project (ESWSP) and the Erie Station Road Project. The East Side project will provide a

new source of drinking water to increase the reliability and capacity of the Water Authority's existing water system. This project is located in the towns of Webster and Penfield. Located in the Town of Henrietta, the Erie Station Road project will provide additional transmission capacity to the MCWA Middle Road tank.

Monroe County Water Authority projects over the last eight years included:

- 1999: Water main (WM) distribution by Town Water Department (WD) (Furman Road, Wilkinson Road and Daley Road, Perinton)
- 2000: WM distribution by Town WD (Wilkinson Road, Perinton)
- 2000: WM Transmission (Five Mile Line Road, Penfield)
- 2001: WM/Pressure reducing valves (Salt Road & County Line Road, Webster)
- 2001: WM Transmission (Klem Road, Webster)
- 2003: WM distribution by Town WD (Semmel, Boughton Hill & Rush Mendon Roads, Mendon)
- 2004: Cement mortar lining to improve system water quality and hydraulics (Ridge Road, Webster)
- 2004: WM distribution/transmission (Victor-Mendon Road, Mendon)
- 2005: WM distribution by Town WD (Phelps Road, Rush)
- 2005: Replace WM, WM distribution/transmission (Pinnacle Road, Henrietta);

Monroe County Department of Environmental Services – Public Works (MCPW)

During 2006, MCPW lowered a portion of a Pure Waters 10" gravity sewer immediately south and upstream of MCPW's Riverton Pump Station on Scottsville - West Henrietta Road. In addition, the size of the sewer was increased to 15" pipe to accommodate a sewer extension for Berkshire Subdivision in the Town of Henrietta. The Berkshire Subdivision, which will eventually consist of 480+/- single family residences, is located within the Southeastern Agricultural District #4. The aforementioned sanitary sewer extensions will be dedicated to the Town of Henrietta.

MCPW anticipates a Village of Scottsville and Town of Wheatland project to construct a pump station and force main to direct its sanitary sewage to MCPW's collection system in the Town of Henrietta in order to close the Village of Scottsville's waste water treatment plant (WWTP). The force main will most likely run parallel with Scottsville-West Henrietta Road and discharge into a MCPW sewer in Henrietta on Scottsville-West Henrietta Road west of Moore Road. While construction may take place adjacent to properties in the district, it will not have an impact on the district. The design for this project is in its infancy stage right now, but work should be completed within the next five to eight years.

Municipal Comprehensive Plans

Since their jurisdictions include lands within the agricultural districts, the comprehensive plans of the Towns of Henrietta, Mendon, Penfield, Perinton, Pittsford, Rush, and Webster and the Villages of Honeoye Falls and Pittsford were reviewed regarding consistency with the purpose and intent of the districts. Generally, all plans recommend that the vast majority of land included in the districts, as well as the proposed additions, remain rural with agriculture and low density residential as the preferred land uses. Additionally, each plan contains policies designed to retain and support agriculture as the principal land use in the districts.

Although agricultural district law calls for municipal planning to be consistent with the intent of the agricultural districts program, at times municipalities plan and zone land for nonagricultural uses in districts. The presence of the agricultural districts and farming in general

has resulted in agriculture being a recommended land use in each of the municipal comprehensive plans and, in this context, the districts have had a positive influence on these plans. However, the presence of the districts has not resulted in the land being rezoned from rural residential to agricultural, which would be the strongest zoning designation consistent with the agricultural districts program's intent.

Town of Henrietta

The Town of Henrietta Comprehensive Plan (2003) seeks to manage growth so as to accommodate increased residential, commercial and industrial development north of I-90 and along I-390. Future development projects being proposed predominantly are located either north of I-90 or on either side of I-390. A precursor to the update of the Comprehensive Plan was a town-wide community survey (2001), which indicated 82 percent of respondents indicated that agricultural preservation was "important."

In the Southeastern District #4, a small number of farmers work a large number of acres. The parcels are zoned primarily Residential (R-1-15 and R-1-20). The zoning does not discourage residential development. Principal permitted ("as of right") uses permitted in both districts include single-family dwellings; farms, greenhouses, plant nurseries, and agricultural operations; public parks, playgrounds, and recreational areas; home occupations; private garages; churches, schools, and other service institutions; golf courses; and child care centers, day care centers, nursery schools, and preschools; uses not specified as "permitted" are not allowed.

Very little of the Henrietta portion of the Southeastern Agricultural District is served by public sewer which appears to have a restraining effect on development pressures and helps to limit the conversion of agricultural land to urbanized uses.

Some of the district land in Henrietta has been developed since it was last renewed in 1999 and at least 200 acres of land has been purchased for parks and open space uses. One 70-acre farm in the district was purchased by the Town and converted to a nature park. An 80-acre farm was purchased and will be used for a park and open space. The Town of Henrietta continues to look for opportunities to purchase farmland for parks and open space. Land values in the Town's agricultural district are generally based on the residential land derived from the zoning instead of the agricultural land value.

Town of Mendon

The Town of Mendon Comprehensive Plan (2005) seeks to manage residential, commercial and light industrial growth so as to limit the negative impacts on farmland and the environment. The Plan is consistent with the goals of the Southeastern Agricultural District.

The intent is to limit the overall density of development in the rural areas of the Town to an average of three to five acres per dwelling unit and to preserve farmland and natural resources. A significant amount of any parcel proposed for development will be required to be set aside as open space (for example, 50% of the original parcel, to be determined on an individual case basis depending on the amount and type of significant open space that is suitable for protection).

Development in these areas will be required to incorporate a significant amount of land in open space and be consistent with the rural, open character of the community as well as with agricultural and outdoor recreational uses. Infrastructure improvements in agricultural areas are limited to public water system extensions, maintenance of roadways and appropriate drainage facilities.

Town of Penfield

The Town of Penfield Comprehensive Plan (2000) seeks to maintain the residential character of the town while preserving open space, environmentally sensitive areas and agricultural land. The Plan suggests that lands within the Northeastern Agricultural District remain rural and agricultural in nature. The vast majority of land included in the district is to remain rural with agriculture and low-density residential development as the preferred land uses. The Plan contains policies designed with the intention to retain and support agriculture as the principal land use in the district. A goal of the Plan is to protect the rate and quality of runoff and the impact of development on the important natural resources that support wildlife, agriculture, recreation and aquatic habitat within an overall watershed approach.

Town of Perinton

The Town of Perinton Comprehensive Plan (2000) and the Egypt Sub-area Plan (2003) do not specifically mention the Southeastern Agricultural District, but recognize the importance of and seek to preserve agriculture and open space. The Comprehensive Plan is currently being updated and an attempt will be made to reference the district where appropriate. No development has occurred in the district in Perinton since 1994 and none is planned in the near future. The Town anticipates providing water to all of its citizens. Some areas will be rezoned before water is delivered to reduce the pressure to develop those areas.

Town of Pittsford

The Town of Pittsford Comprehensive Plan (2005) seeks to manage growth so as to maintain the quality of life Pittsford's residents enjoy as well as the Town's character. Agriculture is an important part of Pittsford's history and character. In 1996, the Town produced a Greenprint illustrating public and private open space, farmland, woodlots, wetlands and old field wildlife habitats proposed for protection. The Greenprint has resulted in the preservation of approximately 1,100 acres of farmlands; the Town owns their development rights. Agricultural lands less than 10 acres in size, whether or not they are in an agricultural district, are not included in the Greenprint. Lands south of the NYS Thruway are currently under development pressure the town has updated its zoning code in the interests of preserving and promoting agriculture as a use.

Town of Rush

The Town of Rush Comprehensive Plan, written in 1993, is supportive of agriculture. Recommendations for future land use and development would retain the agricultural character of the town. Implementation of the Comprehensive Plan has been slow.

The Town's existing development centers on the Hamlet of Rush as well as the I-390/NY-251 interchange. Plans for future development, as outlined in the Town's Comprehensive Plan, include limiting growth to the Rush Community Center and the highway interchange. Limiting development in the southern portion of the town would avoid pressures on farmland owners that could cause them to eventually take their land out of agricultural use.

In the near future a water line will be installed along Phelps Road within 500 feet of a farm operation in the agricultural district. The Town was made aware of the Agricultural Data Statement (ADS) requirement.

Due to an insufficient sewage treatment system in the Hamlet of Rush, attempts have been and will continue to be made to secure funding to install sewer lines in the Hamlet. The town

recognizes that sewer and water lines increase development pressure on farmland and so when this project comes to fruition it will be conducted so as to minimize the impacts to agricultural land.

Town of Webster

The Town of Webster Comprehensive Plan (2000) and Open Space Plan (2001) seeks to maintain its residential character while preserving open space and expanding its economic base. One of the Plan's goals is to preserve existing agricultural uses and concentrate further development within the "Webster Core". The plan suggests that lands within the Northeastern Agricultural District remain rural and agricultural in nature and subject to a purchase of development right program. None of the town is zoned for agriculture, although a significant portion of the eastern edge of the town is in the agricultural district. Approximately eight percent of Webster's land is in agricultural use. The largest of the agricultural tracts encompasses nearly the entire area bounded by State, Salt, County Line and East Ridge Roads. Smaller parcels of agricultural land, including a number of apple and other orchards, are scattered throughout the eastern and northern parts of the town.

Recommended strategies to preserve agriculture include a large lot zoning district (LLD); enhancing the clustering options within the LLD; increasing use of environmental protection overlay districts (EPODs), increasing restrictions on timber removal in these districts; expanding use of clustering in residential development; increasing use of conservation easements; increasing the required percentage of green space in commercial, office and industrial districts; and expanding the Town's system of trails by utilizing stream valleys and other natural areas.

The Town recently closed on the development rights of the D&M Farm owned by Dean and Mark Shrieber with NYSDAM and local funding. The vast majority of land included in the Northeastern Agricultural District is to remain rural with agriculture and low-density residential development as the preferred land uses. Although these policies are designed with the intention to retain and support agriculture as the principal land use in the district, low density residential has often created additional complaints by homeowners when adjacent to or in close proximity to an agricultural use.

The Village of Honeoye Falls

There is farmland in the Southeastern Agricultural District in the Village of Honeoye Falls. The Village anticipates this land will be developed eventually and does not plan to purchase the land or enact a restrictive zoning ordinance or in any other way preclude the loss of this agricultural district land to development.

Village of Pittsford

The Powers Farm occupies most Southeastern Agricultural District land within the Village of Pittsford; the Town of Pittsford owns the development rights to that land. Current land use surrounding the district in the Village is residential and commercial. No new development is expected; however, a small parcel that may be in the district but not part of the PDR program may be developed.

2. Impacts of Nonagricultural Development on District

In most towns the prevailing non-farm development pattern in the districts is single family homes. However, the Towns of Henrietta (north of the Thruway) and Webster have had significant commercial and industrial development, which has effectively created centers of

economic development, exacerbating traffic and drainage issues and encouraging residential development. Several forms of tract-type housing have occurred in Henrietta (south of the Thruway) and Webster. For the Towns of Pittsford, Penfield, Perinton and Mendon, residential development is primarily in the form of infill. For Pittsford, there are very few large parcels available for residential development, while Mendon residential development can effectively be described as large to medium size lot development.

Commercial, industrial, and residential land-use is prevalent in the districts and significantly increases the likelihood of nonfarm neighbor complaints about farming operations. Neighbor complaints received in all towns have been resolved based on the provisions of the agricultural districts law. The state mandated disclosure notice has provided early notification to nonfarm neighbors that they are likely to experience effects from farming operations, thereby, helping to minimize complaints.

Nonfarm development continues to impact farming and should be monitored as part of the implementation and update process for the Monroe County Farmland Protection Plan as well as town comprehensive plans.

3. Degree of Coordination between Local Laws, Ordinances, Rules and Regulations that Apply to Farm Operations in District and Their Influence on Farming

All municipalities provide laws that generally protect and promote farming within agricultural districts. Except for the Town of Penfield, most zoning codes, (mostly residential zoning), do not prohibit agriculture. However, several conflicts (i.e. Rush, Pittsford, Perinton) have arisen regarding farm operations engaging in enterprises that have historically not been interpreted as being agricultural and deemed as in conflict with local zoning.

Although the Farmland Protection Plan recommends the creation of agricultural zoning for agricultural areas as to encourage farming, no municipalities within either the Northeastern or Southeastern Agricultural District have proposed a comprehensive agricultural zoning code. Anecdotally, most farmers, large lot landowners, and public and appointed officials do not support the creation of a comprehensive agricultural zoning code within respective municipalities.

Reportedly, all municipalities in the districts use the ADS to assess and communicate the impacts of potential nonfarm development proposed on land that is part of an active farm in a district or is proposed for land which is within 500 feet of an active farm in a district. The municipal board reviewing the proposed nonfarm development must determine, based on information provided in the ADS and by adjacent farmers, whether the proposed development will conflict with present and future farming operations and if so, determine appropriate mitigation measures.

The following information, although not exhaustive, highlights potential conflicts with municipal codes requiring minimum lot size, limitations on the sale of farm products, limitations on noise and types of agricultural activities. Hence this section emphasizes the importance of municipalities to review and modify existing code in the interests of protecting and promoting agriculture as a land use and being consistent with Agriculture and Markets Law. Only municipalities having land within the Northeastern or Southeastern Agricultural Districts were reviewed.

Town of Henrietta

The agricultural district in the southwest and southeast portions of Henrietta is zoned large-lot (3- to 5-acre) residential; part of the district is zoned commercial. Agriculture is not listed as a permitted use in the commercial zoning district, but neither is it prohibited. The commercial zoning in the district will not be changed since the land is not currently agricultural nor is it likely to become agricultural. The Town has effectively encouraged development north of the Thruway, while land south of the Thruway has been designated for farming and residential development.

The Town Code requires a five acre minimum lot size to be considered a farm. Establishing a minimum lot size for farm operation within a zoning district that includes land within a certified agricultural district may be unreasonably restrictive. The definition of a farm operation in NYS AML, Article 25AA, Section 301-11 does not include an acreage threshold. The Town's definition of a farm includes the necessary farm structures within the prescribed limitations and the storage of necessary equipment. It excludes the raising of fur-bearing animals, livery or boarding stables and dog kennels. In any residential district, no lot may be used or occupied and no structure may be erected, maintained or used for the raising or harboring of pigeons, swine, goats, rabbits, cows, horses, poultry, foxes, mink, skunk or other fur-bearing animals, unless application is made to and a special permit is granted by the Town Board, subject to such terms and conditions as may be appropriate in the particular case and in conformity with the provisions of Article XII of the Town code and the following general provisions.

Town of Mendon and Village of Honeoye Falls

Most zoning codes in the district in the Town of Mendon are rural residential with agriculture listed as a permitted use. Some parcels in the district are zoned CB – community business; this code does not list agriculture as a permitted use and so is not consistent with the goal of the agricultural district. However, these parcels are practically completely developed, and so there would be no benefit to the Southeastern District by changing the zoning ordinance. The Town has adopted a “Right to Farm Law of the Town of Mendon;” however, several zoning codes may still be deemed as unreasonably restrictive for farm operations within an agricultural district. For example, the raising, harboring or housing of animals requires a minimum lot size based on the number of animals; and prohibition of commercial feed lots are prohibited.

Town of Penfield

There are zoning districts in Penfield that do not specifically list agriculture as a permitted use, but these districts are not located in the Northeastern Agricultural District. The zoning districts present in the agricultural district are rural residential. Incentive zoning, rezoning with incentives, conservation easements, transfer of development rights and zoning for increased density are used or being considered to preserve agricultural land and open space.

Any person within any district may erect a roadside stand and sell agricultural products. However, the Town limits the sale of farm products to products grown on the premises by a resident of the property. Pursuant to NYS AML, Article 25AA, Section 301-11, a “farm operation” consists of owned and/or rented parcels of land that may be contiguous or non-contiguous to each other. A local prohibition on the retail sales of product grown on a parcel that is part of a farm operation and transported to the farm's sale facility at another parcel that is part of the farm operation is unreasonably restrictive in possible violation of NYS AML, Article 25AA, Section 306-a. Some farmers import crops from other farms to sell at their operation to increase the diversity of products offered or to bridge periods of low supply of commodities produced on the farm. Product diversity may attract customers to a farm market or nursery. The sale of some agricultural products grown off the farm should be allowed.

The town code requires a five acre minimum lot size for a farm market. Establishing a minimum lot size for a farm market and/or farm operation within a zoning district that includes land within a certified agricultural district may be unreasonably restrictive. The definition of a farm operation, as provided in NYS AML, Article 25AA, Section 301-11, does not include an acreage threshold.

Town of Perinton

In an effort to preserve agricultural land and open space a conservation easement program was developed in the mid-1970s to offer tax relief to landowners. This program was initiated at about the same time the agricultural districts program was initiated and the requirements to qualify for a conservation easement are not as stringent as those to qualify as an agricultural operation under the Agricultural Districts Law. However, the net effect of the tax exemption relies heavily on the assessment. Several agricultural landowners have enrolled in the conservation easement program and have not enrolled in the agricultural district program; many landowners opt to only join the conservation easement program for tax purposes and not for the additional protection and coverage the agricultural districts law may provide.

Current zoning codes do not restrict agriculture and are designed to limit development in agricultural areas; however, not all zoning categories in the district specifically permit agriculture and the Town may want to amend the zoning code to indicate that agriculture is a permitted use in each zoning district. Additionally, lands within the limited development district can be used for agricultural purposes provided they do not require structures or impervious surfaces which may be unreasonably restrictive.

Conservation easements, cluster development and the purchase of land have been used to preserve farmland and open space in Perinton.

Town of Pittsford

Current zoning codes in the Town of Pittsford do not restrict agriculture and are designed to limit development in agricultural areas. In an effort to preserve agricultural land and open space, conservation easements, incentive clustering, and Purchase of Development Rights (PDR) programs are being used by the Town. As new areas in the town are developed, water lines will run along the periphery of farm operations; pump stations will be utilized as needed.

The Town has created an agricultural zone which protects lands of prime, unique and/or local agricultural value and to encourage farms to remain in farm production. However, not all land in an agricultural use is within an agricultural zone. Many parcels in agricultural use have a rural conservation designation that effectively limits agricultural use relating to livestock. The agricultural zone definition references NYS AML, Article 25AA, Section 301; its provision for permitted uses includes farm stand regulations that detail the nature of product, hours and times of sale, size, signage and special permitting requirements. However, livestock farming is set forth in a contract between the Town and the owner and may be unreasonably restrictive. Also, according to section §185-33.3 of the zoning code, rural residential south Pittsford have a parcel size limitation of five acres or more for some agricultural activities such as a farm market or a commercial stable. Land designated as rural conservation is limited to growing of crops and accessory agricultural uses -- no livestock farming is permitted. According to §185-116 of the zoning code, the keeping of horses, including pasturage, is permitted on privately owned rural conservation land, but no structures other than fences may be erected.

At the time of this report, the town was in the final stages of drafting a Right to Farm Law for approval by the Town Board.

Town of Rush

Current zoning codes are not necessarily designed to limit development in agricultural areas; however, several conflicting interpretations of zoning codes have arisen regarding the applicability and definitions of agricultural use. In a letter from NYSDAM dated June 29, 2007, to the Town of Rush, the NYSDAM found the Town's zoning code to be in potential conflict with the agricultural district.

The town limits the sale of farm products to products grown on the premises by a resident of the property. Pursuant to NYS AML, Article 25AA, Section 301-11, a "farm operation" consists of owned and/or rented parcels of land that may be contiguous or non-contiguous to each other. A local prohibition on the retail sales of product grown on a parcel that is part of a farm operation and transported to the farm's sale facility at another parcel that is part of the farm operation is unreasonably restrictive in possible violation of NYS AML, Article 25AA, Section 306-a. Some farmers import crops from other farms to sell at their operation to increase the diversity of products offered or to bridge periods of low supply of commodities produced on the farm. Product diversity may attract customers to a farm market or nursery. The sale of some agricultural products grown off the farm should be allowed.

The needs of a start up farm operation should be considered. Such farms often start out selling a large percentage of agricultural products grown off the farm in order to develop a customer base and maintain income while their nursery and or farm products mature.

Agricultural uses in an agricultural district are not "special uses." Therefore, absent any showing of an overriding local concern, an exemption from special use permits should be provided by the Town to farm operations located in an agricultural district; requiring special permits may unreasonably restrict a farm operation and may be in violation of NYS AML, Article 25AA, Section 306-a.1.

The Town of Rush should allow farm operations within a County-adopted, State-certified district to store, use and maintain farm equipment for agricultural purposes in an amount and type consistent with the needs and scope of the farm operation and should not require the farm operator to obtain a special permit.

Temporary greenhouses specifically designed, constructed and used for the culture and propagation of horticultural commodities are exempt from requirements for building permits; however, they are not exempt from local zoning requirements. The erection and use of temporary greenhouses as part of a farm operation, including nursery/greenhouse operations, produce farms and livestock farms is protected under NYS AML, Article 25AA, Section 305-a.

The stockpiling of soil and mulch are often necessary for the on farm production, preparation and marketing of nursery stock. Soil and mulch are used on the farm to plant and care for nursery stock which is grown in the ground on the farm and to prepare stock for sale. The storage, use and sale of soil, mulch and potting soil in an amount consistent with the size and scope of a nursery is considered part of a farm operation within an agricultural district.

Town of Webster

Farming is permitted in all zoning districts; thus all of the zoning districts that apply to land in the Northeastern Agricultural District permit farming. However, the definition on a farm in the code may be problematic as it excludes the raising of fur-bearing animals, riding academies and livery or boarding stables.

The Town limits the sale of farm products to products grown on the premises by a resident of the property. Pursuant to NYS AML, Article 25AA, Section 301-11, a “farm operation” consists of owned and/or rented parcels of land that may be contiguous or non-contiguous to each other. A local prohibition on the retail sales of product grown on a parcel that is part of a farm operation and transported to the farm’s sale facility at another parcel that is part of the farm operation is unreasonably restrictive in possible violation of NYS AML, Article 25AA, Section 306-a. Some farmers import crops from other farms to sell at their operation to increase the diversity of products offered or to bridge periods of low supply of commodities produced on the farm. Product diversity may attract customers to a farm market or nursery. The sale of some agricultural products grown off the farm should be allowed.

The Town Code requires a five acre minimum lot size to be considered a farm. Establishing a minimum lot size for farm operation within a zoning district that includes land within a certified agricultural district may be unreasonably restrictive. The definition of a farm operation as described in NYS AML, Article 25AA, Section 301-11 does not include an acreage threshold.

The needs of a start up farm operation should be considered. Such farms often start out selling a large percentage of agricultural products grown off the farm in order to develop a customer base and maintain income while their nursery and or farm products mature.

Village of Honeoye Falls

There is district land in the Village of Honeoye Falls that is zoned general commercial; this zoning code does not list agriculture as a permitted use and is not consistent with the goal of the agricultural district. However, farming does take place on parts of these parcels, and is permitted as a pre-existing use. The portions of the parcels that are not currently farmed are already developed, and so there would be no benefit to the Southeastern Agricultural District by changing the zoning ordinance.

Village of Pittsford

The Village supports the Town of Pittsford’s PDR program and the agricultural district program and its actions are consistent with the goals of those programs. However, the several Village codes may be unreasonably restrictive to a farm operation (e.g. limiting animal noise by making it unlawful for any person to keep any animal or bird which, by causing frequent or long-continued noise, shall disturb the comfort or repose of any person in the village; and, the use of a mobile home on any property which may be used to house farm workers.) During 2004, the Village exempted agricultural fencing from all approval and permit requirements.

4. Recommendations to Continue, Terminate or Modify District

The Northeastern and Southeastern Agricultural Districts continue to provide needed benefits and protection to member farmers and agricultural landowners who wish to continue farming. This fact is underscored by the current and proposed development within and adjacent to the districts. In order to help maintain land for farming operations and to reinforce plan recommendations and current regulations which promote agriculture in this area of Monroe

County, the Monroe County Planning Board also recommends the renewal and modification of the Northeastern and Southeastern Agricultural Districts and their consolidation into the Eastern Agricultural District #6.

See Appendix E for a copy of the minutes from the AFPB and CPB meetings where resolutions are made to consolidate the Northeastern and Southeastern Agricultural Districts and renew and modify the Eastern Agricultural District.

4.0 RECOMMENDATION

A public information meeting, a 30-day review and comment period and a Public Hearing were held to discuss the districts with landowners and the general public. An environmental review for this action is included as Appendix F and indicates there are no significant adverse environmental impacts associated with the continuation, modification and consolidation of the Northeastern and Southeastern Agricultural Districts. District boundary modifications -- based on public input-- and the review factors discussed in Section 3.0 of this report were reviewed by the Agricultural and Farmland Protection Board and the County Planning Board; both recommend the districts be renewed with modifications and consolidated. The Monroe County Legislature reviewed the information and the Boards' recommendations and recommends the continuation of the Monroe County Northeastern and Southeastern Agricultural Districts for another eight years with the following modifications to the Southeastern District:

- Three parcels containing 168 acres to be added to the existing district as follows: one parcel containing 58 acres in the Town of Rush; and two parcels totaling 110 acres in the Town of Mendon.
- Thirty-eight parcels containing 113 acres be removed from the existing district as follows: thirty seven parcels totaling 63 acres in the Town of Pittsford; and one parcel totaling 50 acres in the Town of Rush.

The modifications result in a net increase of 55 acres and accounts for a total of 37,407 acres in the Southeastern Agricultural District. The Northeastern Agricultural District remains at 10,203 acres. The consolidated district, the Eastern Agricultural District #6, is 47,610 acres. The Monroe County Legislature Resolution to renew and modify and consolidate the districts is included as Appendix G.

LEGAL NOTICE

NOTICE OF A 30-DAY PERIOD FOR PUBLIC REVIEW OF THE MONROE COUNTY EASTERN AGRICULTURAL DISTRICT NO. 6

PLEASE TAKE NOTICE, that the Monroe County Eastern Agricultural District No. 6 (the "District"), encompassing 40,588 acres in portions of the towns of Webster, Penfield, Perinton, Pittsford, Mendon, Rush and Henrietta was originally established in 1975 pursuant to Article 25-AA of the New York State Agriculture and Markets Law.

PLEASE TAKE FURTHER NOTICE, that Monroe County is required to conduct a

review of a district eight years after its creation and every eight years thereafter.

PLEASE TAKE FURTHER NOTICE, that a map of the District is on file and open to public inspection in the office of the Clerk of the Monroe County Legislature and the Office of the Monroe County Clerk.

PLEASE TAKE FURTHER NOTICE, that there is hereby established a 30-day period for public review of the above-mentioned District, which period commences on April 16, 2007 and terminates on May 15, 2007. During this period any municipalities and landowners within the District may propose modifications to the District.

PLEASE TAKE FURTHER NOTICE, that any proposed modifications to the District must be submitted in writing to the Clerk of the Monroe County Legislature within this 30-day period for public review.

PLEASE TAKE FURTHER NOTICE, that the Monroe County Agricultural and Farmland Protection Board will hold a Public Information Meeting regarding the District at the Pittsford Town Hall, 11 South Main Street, Pittsford, New York on Monday, April 16, 2007 at 7:00 p.m.

PLEASE TAKE FURTHER NOTICE, that at the termination of the 30-day period

for public review, the District, as currently configured, and any proposed modifications will be submitted to the Monroe County Planning Board and the Monroe County Agricultural and Farmland Protection Board for review and recommendation to the Monroe County Legislature whether to continue, modify or terminate the District.

Committee of the Monroe County Legislature at 7:00p.m. on Monday, Jan. 28, 2008

JOANNE M. GLIGORA
Notary Public, State of N.Y.
Monroe County
Commission Expires Feb. 8, 2010

NOTICE OF HEARING

PLEASE TAKE NOTICE that in accordance with Article 25AA of the New York State Agriculture and Markets Law, a public hearing will be held by the Planning and Economic Development Committee of the Monroe County Legislature at 7:00 p.m. on Monday, the 28th day of January, 2008, in the Pittsford Town Hall, Pittsford, New York, regarding two items:

The consolidation of the Northeastern District (#3) and the Southeastern District (#4) into what would be called the Eastern District (#6) for administrative efficiencies. The Monroe County Legislature approved this consolidation on March 19, 2007, and their recommendation to consolidate the districts would be forwarded to the Commissioner of the NYS Department of Agriculture and Markets for certification.

The eight-year review of the Monroe County Eastern Agricultural District #6, located in

the Towns of Webster, Penfield, Pittsford, Perinton, Mendon, Henrietta and Rush.

The public hearing is being held to give the public an opportunity to comment on the following: the consolidation of the Northeastern Agricultural District #3 and the Southeastern Agricultural District #4 and its renaming as the Eastern Agricultural District #6; the status of the Eastern Agricultural District; the proposed modifications (being the written amendments proposed during the thirty-day review period); and the recommendations of the Monroe County Planning Board and the Monroe County Agricultural and Farmland Protection Board to modify and continue the district.

Modifications proposed to the Eastern District #6 result in a net increase of 19.1 acres in the District. The modifications include the addition of three parcels containing 167.7 acres: two

parcels in Mendon totaling 110 acres, and one parcel in Rush totaling 57.71 acres. It is recommended that thirty-nine parcels totaling 148.6 acres be removed from the District. 37 parcels in Pittsford totaling 63.2 acres; one 50-acre parcel in Rush; and one 35.4-acre parcel in Webster.

The Monroe County Planning Board and the Monroe County Agricultural and Farmland Protection Board reviewed the two Districts and the proposed modifications and recommended that the Districts be consolidated, modified and renamed to Eastern Agricultural District #6.

A general map of the consolidated District and proposed modifications is provided with this notice. A detailed map of the consolidated District and proposed modifications may be examined in the Office of the Clerk of the Monroe County Legislature, 407 County Office Building, 39 West Main Street,

Rochester, New York. A report which describes the current status of the Districts and which also includes the recommendations of the Monroe County Planning Board and the Monroe County Agricultural and Farmland Protection Board regarding the two Districts' consolidation, continuation and modification may also be examined in the Clerk of the Legislature's office.

If continued and modified as proposed, the Monroe County Eastern Agricultural District #6 would contain approximately 47,574.7 acres.

All parties of interest and citizens will be heard at the Public Hearing.

NOTICE OF HEARING

PLEASE TAKE NOTICE that in accordance with Article 25-AA of the New York State Agriculture and Markets Law, a public hearing will be held by the Planning and Economic Development Committee of the Monroe County Legislature at 7:00 p.m. on Monday, the 28th day of January, 2008 in the Pittsford Town Hall, Pittsford, New York regarding two items:

The consolidation of the Northeastern District (#3) and the Southeastern District (#4) into what would be called the Eastern District (#6) for administrative convenience. The Monroe County Legislature approved this consolidation on March 19, 2007, and their recommendation was forwarded to the Commissioner of the NY State Department of Agriculture and Markets for certification.

The eight-year review of the Monroe County Eastern Agricultural District #6 local planning town of Webster, Randolph, Pittsford, and Union Mendon, Mendon, Henrieville and Rush is being held.

The public hearing is being held to give the public an opportunity to comment on the following: the consolidation of the Eastern District (#6) for administrative convenience.

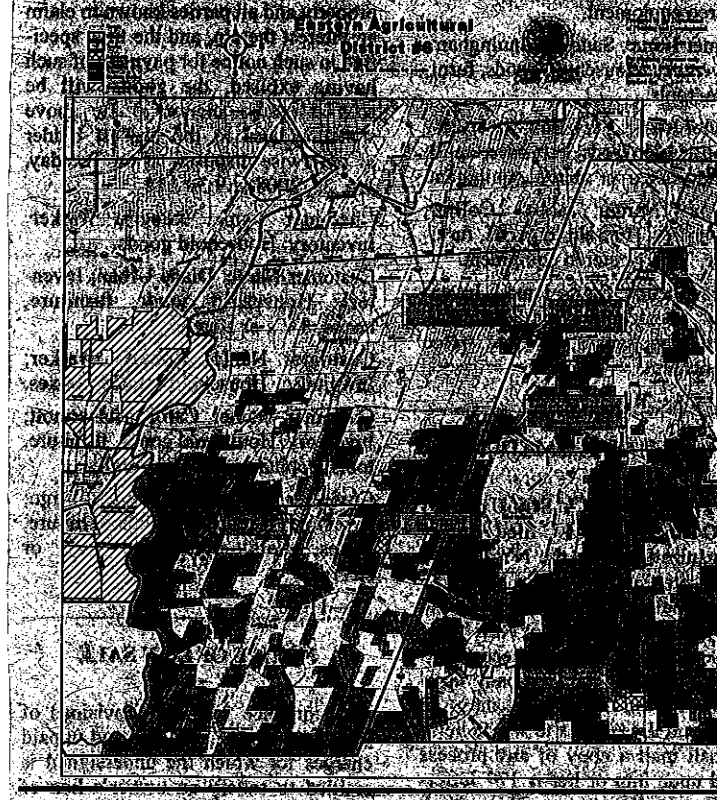

Consolidation of the Northeastern District (#3) and the Southeastern District (#4) into what is remaining as the Eastern Agricultural District (#6) the status of the Eastern Agricultural District (#6) proposed modifications (being the written amendments proposed during the thirty-day review period) and the recommendations of the Monroe County Planning Board and the Monroe County Agricultural and Farmland Protection Board to modify and continue the district.

The modifications proposed to the Eastern District #6 result in a net increase of 191 acres in the District. The modifications include the addition of three parcels containing 167 acres: two parcels in Mendon totaling 110 acres and one parcel in Rush totaling 57 acres. It is recommended that thirty-nine parcels totaling 1486 acres be removed from the District #6 parcels including 632 acres: one 50-acre parcel in Rush and one 25-acre parcel in Webster.

The Monroe County Planning Board and the Monroe County Agricultural and Farmland Protection Board reviewed the two Districts and the proposed modifications and recommended that the District #6 be consolidated, modified and renamed to Eastern District #6.

en Agricultural District #6. A general map of the consolidated District and proposed modifications is provided with this notice. A detailed map of the consolidated District and proposed modifications may be examined in the Office of the Clerk of the Monroe County Legislature, 407 County Office Building, 39 West Main Street, Rochester, New York. A report which describes the current status of the Districts and which also includes the recommendations of the Monroe County Planning Board and the Monroe County Agricultural and Farmland Protection Board regarding the two Districts' consolidation, continuation and modification may also be examined in the Office of the Legislature's Office of the Clerk of the Legislature. If continued and modified as proposed, the Monroe County Eastern Agricultural District #6 would contain approximately 1,648 acres. However, all parcels of interest and citizens will be heard at the Public Hearing. David M. Barry, Clerk of the Monroe County Legislature to be held on Monday, January 14, 2008 at 7:00 p.m. in the Webster, New York Town Hall.

Summary of Minutes

PLANNING AND ECONOMIC DEVELOPMENT COMMITTEE

PUBLIC HEARING

Pittsford Town Hall

January 28, 2008

7:00 p.m.

Chairman Tucciarello called the meeting to order at 7:01 p.m.

MEMBERS PRESENT: Stephen Tucciarello (Chair), Ciaran T. Hanna (Vice Chair), Jeffery L. McCann

MEMBERS ABSENT: Vincent Esposito, Carmen Gumina (Excused)

OTHER LEGISLATORS PRESENT: Jeffery R. Adair

ADMINISTRATION PRESENT: Rochelle Bell (Planning & Dev. Dept.), Robert King (MCC)

PUBLIC HEARING: Eight-Year Review of the Monroe County Eastern Agricultural District #6 –
County Executive Maggie Brooks

Chairman Tucciarello declared the Public Hearing open at 7:01 p.m. regarding the consolidation of the Northeastern (#3) and Southeastern (#4) Agricultural Districts, the renaming of the consolidated District to the Eastern Agricultural District (#6) and the modification and continuation of the Eastern Agricultural District located in the towns of Webster, Penfield, Pittsford, Perinton, Mendon, Henrietta and Rush..

The Deputy Clerk of the Legislature testified to a mailing of the notice of Public Hearing that was sent to Supervisors, Clerks and Landowner's of the affected towns, and the Commissioner of Agriculture and Markets on August 16, 2007. The Deputy Clerk testified to affidavits of publication and posting of the same hearing notice in the Rochester Business Journal and Daily Record on January 18, 2008.

Bob King, Director of Agriculture and Life Sciences, spoke in regards to a request made by Landowner Nancy Schwenzer, 230 Salt Road, Webster, NY, to be withdrawn for consideration to the consolidation of Eastern Agricultural District (#6).

CLOSING OF PUBLIC HEARING:

Chairman Tucciarello declared the Public Hearing closed at 7:06 p.m. He announced that the referral regarding the Eight-Year review of the Monroe County Eastern Agricultural District (#6) would be voted on by the Monroe County Legislature on Tuesday, February 12, 2008 at 6:00 p.m. He concluded by stating that following its approval and adoption, a report and revised map would be submitted to the New York State Department of Agriculture and Markets for final certification.

PUBLIC FORUM: There were no speakers.

APPROVAL OF MINUTES: The minutes of November 26, 2007 were approved as submitted.

ADJOURNMENT:

There being no further business, Chairman Tucciarello adjourned the meeting at 7:06 p.m.

The next Planning and Economic Development Committee meeting is scheduled for **Monday, February 25, 2008** at 4:00 p.m.

Respectfully submitted,
Carrie Laraby
Deputy Clerk of the Legislature

PART I - PROJECT INFORMATION (To be completed by Applicant or Project sponsor)

1. APPLICANT/SPONSOR: Monroe County

2. PROJECT NAME: Eight-year reviews and consolidation of Monroe County Northeastern Agricultural District No. 3 and Monroe County Southeastern Agricultural District No. 4 to form Monroe County Eastern Agricultural District No. 6.

3. PROJECT LOCATION:

Municipality: Towns of Webster, Penfield, Perinton, Pittsford, Mendon, Henrietta and Rush
County: Monroe

4. PRECISE LOCATION (Street address and road intersections, prominent landmarks, etc., or provide map)
See attached map and table.

5. IS PROPOSED ACTION:

☐ New ☐ Expansion ☒ Modification/alteration

6. DESCRIBE PROJECT BRIEFLY:

Continue and modifying the Northeastern Agricultural District No. 3 and Monroe County Southeastern Agricultural District No. 4 by adding three parcels (168 acres) and removing thirty-eight (38) parcels (113 acres). Extend the anniversary date of the Monroe County Northeastern Agricultural District #3 from May 13, 2007, to October 12, 2007, the anniversary date of Southeastern Agricultural District #4, thereby combining the two districts. Rename the consolidated district Monroe County Eastern Agricultural District #6, retaining the October 12, 2007, anniversary date.

7. AMOUNT OF LAND AFFECTED:

Initially 47,556 Acres Ultimately 47,610 Acres

8 WILL PROPOSED ACTION COMPLY WITH EXISTING ZONING OR OTHER EXISTING LAND USE RESTRICTIONS?

☒ Yes ☐ No If no, describe briefly:

9. WHAT IS PRESENT LAND USE IN VICINITY OF PROJECT?

☒ Residential ☐ Industrial ☐ Commercial ☒ Agricultural ☒ Park/Forest/Open Space ☐ Other

Describe:

10. DOES ACTION INVOLVE A PERMIT APPROVAL, OR FUNDING, NOW OR ULTIMATELY FROM ANY OTHER GOVERNMENTAL AGENCY (FEDERAL, STATE OR LOCAL)?

☒ Yes ☐ No If yes, list agency(s) and permit/approvals: Adoption by the Monroe County Legislature and certification by the New York State Department of Agriculture and Markets.

11. DOES ANY ASPECT OF THE ACTION HAVE A CURRENTLY VALID PERMIT OR APPROVAL?

☒ Yes ☐ No If yes, list agency name and permit/approval
The District is certified by the NYS Dept. of Agriculture and Markets.

12. AS A RESULT OF PROPOSED ACTION WILL EXISTING PERMIT/APPROVAL REQUIRE MODIFICATION?

☒ Yes ☐ No This action results in the consolidation of the Northeastern and Southeastern Agricultural districts and modification to and continuation of the consolidated district (the Eastern Agricultural District). These actions require modification to the Eastern Agricultural District map and the towns assessors' records.

I CERTIFY THAT THE INFORMATION PROVIDED ABOVE IS TRUE TO THE BEST OF MY KNOWLEDGE

A.	DOES ACTION EXCEED ANY TYPE I THRESHOLD IN 6 NYCRR, PART 617.4? use the FULL EAF. ☐ Yes ☒ No	If yes, coordinate the review process and
B.	WILL ACTION RECEIVE COORDINATED REVIEW AS PROVIDED FOR UNLISTED ACTIONS IN 6 NYCRR, PART 617.5? If no, a negative declaration may be superseded by another involved agency. ☐ Yes ☒ No	
C.	COULD ACTION RESULT IN ANY ADVERSE EFFECTS ASSOCIATED WITH THE FOLLOWING: (Answers may be handwritten, if legible)	
C1.	Existing air quality, surface or groundwater quality or quantity, noise levels, existing traffic patterns, solid waste production or disposal, potential for erosion, drainage or flooding problems? Explain briefly: • No adverse effects on existing conditions will result from this action.	
C2.	Aesthetic, agricultural, archaeological, historic or other natural or cultural resources; or community or neighborhood character? Explain briefly. • Action expected to enhance preservation of area's agricultural character and visual aesthetic appeal.	
C3.	Vegetation or fauna, fish, shellfish or wildlife species, significant habitats, or threatened or endangered species? Explain briefly. • No adverse effects on existing conditions will result from this action.	
C4.	A community's existing plans or goals as officially adopted, or a change in use or intensity of use of land or other natural resources? Explain briefly. • This action is consistent with the Comprehensive Plans of the seven towns and the Monroe County Farmland Protection Plan.	
C5.	Growth, subsequent development, or related activities likely to be induced by the proposed action? Explain briefly. • The intent of the action is to provide favorable conditions so that farmers continue their operations.	
C6.	Long term, short term, cumulative, or other effects not identified in C1-C5? Explain briefly. • No other impacts identified.	
C7.	Other impacts (including changes in use of either quantity or type of energy)? Explain briefly. • No negative impacts as a result of this action have been identified.	
D.	WILL THE PROJECT HAVE AN IMPACT ON THE ENVIRONMENTAL CHARACTERISTICS THAT CAUSED THE ESTABLISHMENT OF A CEA? ☐ Yes ☒ No	
E.	IS THERE, OR IS THERE LIKELY TO BE CONTROVERSY RELATED TO POTENTIAL ADVERSE ENVIRONMENTAL IMPACTS? ☐ Yes ☒ No If yes, explain briefly:	

PART III-DETERMINATION OF SIGNIFICANCE (To be completed by Agency)

INSTRUCTIONS: For each adverse effect identified above, determine whether it is substantial, large, important or otherwise significant. Each effect should be assessed in connection with its (a) setting (i.e. urban or rural); (b) probability of occurring; (c) duration; (d) irreversibility; (e) geographic scope; and (f) magnitude. If necessary, add attachments or reference supporting materials. Ensure that explanations contain sufficient detail to show that all relevant adverse impacts have been identified and adequately addressed. If question D of Part II was checked yes, the determination and significance must evaluate the potential impact of the proposed action on the environmental characteristics of the CEA.

☐	Check this box if you have identified one or more potentially large or significant adverse impacts, which MAY occur. Then proceed directly to the FULL EAF and/or prepare a positive declaration.
☒	Check this box if you have determined, based on the information and analysis above and any supporting documentation, that the proposed action WILL NOT result in any significant adverse environmental impacts AND provide on attachments as necessary, the reasons supporting this determination:

State Environmental Quality Review
NEGATIVE DECLARATION
Notice of Determination of Non-Significance

This notice is issued pursuant to Part 617 of the implementing regulations pertaining to Article 8 (State Environmental Quality Review Act) of the Environmental Conservation Law.

The County of Monroe has determined that the proposed action described below will not have a significant effect on the environment and a Draft Environmental Impact Statement will not be prepared.

MAGGIE BROOKS, COUNTY EXECUTIVE
Monroe County

 2/5/08

Name of Action: Eight-year reviews and consolidation of Monroe County Northeastern Agricultural District No. 3 and Monroe County Southeastern Agricultural District No. 4 to form Monroe County Eastern Agricultural District No. 6.

SEQR Status: Unlisted

Description of Action: Continue and modifying the Northeastern Agricultural District No. 3 and Monroe County Southeastern Agricultural District No. 4 by adding three parcels (168 acres) and removing thirty-eight (38) parcels (113 acres). Extend the anniversary date of the Monroe County Northeastern Agricultural District #3 from May 13, 2007, to October 12, 2007, the anniversary date of Southeastern Agricultural District #4, thereby combining the two districts. Rename the consolidated district Monroe County Eastern Agricultural District #6, retaining the October 12, 2007, anniversary date.

Location: Towns of Webster, Penfield, Perinton, Pittsford, Mendon, Henrietta and Rush

Reasons Supporting This Determination:

The proposed action is classified as an Unlisted action as defined under Part 617.2 (ak). Monroe County completed a Short Environmental Assessment Form for this project and no adverse effects were identified therein. Monroe County has determined that this proposal will not have a significant adverse impact on the environment.

There is no change in land use directly associated with this action, therefore unique vegetation, fauna, fish, shellfish, wildlife, significant habitats, and threatened or endangered species will not be impacted by this action. This type of action does not alter the effect existing land use has on traffic considerations, air quality, noise levels, solid waste production or disposal, stormwater runoff management, state or federal wetlands, designated flood hazard areas, coastal zones or buildings of local historical interest.

APPENDIX G

MONROE COUNTY LEGISLATURE RESOLUTION

RESOLUTION NO. 7 OF 2008
(As Amended by Motion No. 10)

**CONFIRMING EIGHT-YEAR REVIEW AND CONSOLIDATION OF MONROE COUNTY
NORTHEASTERN AGRICULTURAL DISTRICT NO. 3 AND MONROE COUNTY
SOUTHEASTERN AGRICULTURAL DISTRICT NO. 4 TO FORM MONROE COUNTY EASTERN
AGRICULTURAL DISTRICT NO. 6**

WHEREAS, on March 13, 2007, the Monroe County Legislature adopted Resolution 109 of 2007 initiating the review and consolidation of the Monroe County Northeastern Agricultural District No. 3 and the Monroe County Southeastern Agricultural District No. 4 to form the Monroe County Eastern Agricultural District No. 6. Upon filing the consolidation of the Districts, the New York State Department of Agriculture and Markets requested that the County hold a public hearing to clarify the consolidation. The County has since published a notice and the action was addressed at a public hearing in the Town of Pittsford on January 28, 2008; and

WHEREAS, the Monroe County Agricultural and Farmland Protection Board and the Monroe County Planning Board have submitted a joint report on the Eight-Year Review and consolidation of Monroe County Northeastern Agricultural District No. 3 and the Monroe County Southeastern Agricultural District No. 4 to form the Monroe County Eastern Agricultural District No. 6; and

WHEREAS, this joint report recommends the continuation and consolidation of the Districts, located in the Towns of Webster, Penfield, Pittsford, Perinton, Mendon, Henrietta and Rush, with the following modifications:

- a. That three parcels containing 167.7 acres be added to the District, as follows:

tax account no. 230.01-1-5 at 20 Parish Road, Mendon, consisting of approximately 54.0 acres;
tax account no. 230.01-1-6.1 at Lanning Road, Mendon, consisting of approximately 56.0 acres;
tax account no. 203.03-1-48.11 at Pinnacle Road, south of Jeffords, Rush, consisting of approximately 57.71 acres;

- b. That 38 parcels containing 113.2 acres be removed from the District, as follows:

tax account no. 163.03-2-1 at 6 Greythorne Hill consisting of approximately .48 acre;
tax account no. 163.03-2-2 at 8 Greythorne Hill consisting of approximately .42 acre;
tax account no. 163.03-2-3 at 10 Greythorne Hill consisting of approximately .45 acre;
tax account no. 163.03-2-4 at 12 Greythorne Hill consisting of approximately .38 acre;
tax account no. 163.03-2-5 at 20 Greythorne Hill consisting of approximately .85 acre;
tax account no. 163.03-2-6 at 22 Greythorne Hill consisting of approximately .85 acre;
tax account no. 163.03-2-7 at 24 Greythorne Hill consisting of approximately .77 acre;
tax account no. 163.03-2-8 at 26 Greythorne Hill consisting of approximately .77 acre;
tax account no. 163.03-2-9 at 28 Greythorne Hill consisting of approximately .72 acre;
tax account no. 163.03-2-10 at 34 Greythorne Hill consisting of approximately .66 acre;
tax account no. 163.03-2-11 at 38 Greythorne Hill consisting of approximately .66 acre;
tax account no. 163.03-2-12 at 40 Greythorne Hill consisting of approximately .75 acre;
tax account no. 163.03-2-13 at 42 Greythorne Hill consisting of approximately .84 acre;
tax account no. 163.03-2-14 at 44 Greythorne Hill consisting of approximately .96 acre;
tax account no. 163.03-2-15 at 46 Greythorne Hill consisting of approximately 1.14 acres;
tax account no. 163.03-2-16 at 39 Greythorne Hill consisting of approximately 1.43 acres;
tax account no. 163.03-2-17 at 37 Greythorne Hill consisting of approximately 1 acre;
tax account no. 163.03-2-18 at 35 Greythorne Hill consisting of approximately .9 acre;
tax account no. 163.03-2-19 at 33 Greythorne Hill consisting of approximately .94 acre;
tax account no. 163.03-2-20 at 31 Greythorne Hill consisting of approximately .76 acre;
tax account no. 163.03-2-21 at 29 Greythorne Hill consisting of approximately .57 acre;

tax account no. 163.03-2-22 at 27 Greythorne Hill consisting of approximately .56 acre;
tax account no. 163.03-2-23 at 25 Greythorne Hill consisting of approximately .56 acre;
tax account no. 163.03-2-24 at 23 Greythorne Hill consisting of approximately .56 acre;
tax account no. 163.03-2-25 at 21 Greythorne Hill consisting of approximately .53 acre;
tax account no. 163.03-2-26 at 19 Greythorne Hill consisting of approximately .53 acre;
tax account no. 163.03-2-27 at 11 Greythorne Hill consisting of approximately .46 acre;
tax account no. 163.03-2-28 at 9 Greythorne Hill consisting of approximately .46 acre;
tax account no. 163.03-2-29 at 7 Greythorne Hill consisting of approximately .46 acre;
tax account no. 163.03-2-30 at 3 Covington Wds. (Pvt) consisting of approximately .47 acre;
tax account no. 163.03-2-31 at 5 Covington Wds. (Pvt) consisting of approximately .62 acre;
tax account no. 163.03-2-32 at 7 Covington Wds. (Pvt) consisting of approximately .69 acre;
tax account no. 163.03-2-99, Town of Pittsford, consisting of approximately 3.9 acres;
tax account no. 163.03-2-98, Town of Pittsford, consisting of approximately 17.4 acres;
tax account no. 163.03-2-97, Town of Pittsford, consisting of approximately .29 acre;
tax account no. 163.03-2-96, Town of Pittsford, consisting of approximately .11 acre;
tax account no. 191.01-1-14.2, Clover Street, consisting of approximately 19.3 acres; and
tax account no. 201.03-1-12.1, 550 Rush-Scottsville Road, consisting of approximately 50.0 acres.

NOW, THEREFORE, BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. The Legislature hereby confirms that after public notice, a public hearing was held on January 28, 2008 on the review and consolidation of the Monroe County Northeastern Agricultural District No. 3 and the Monroe County Southeastern Agricultural District No. 4 to form the Monroe County Eastern Agricultural District No. 6; and confirms the review and consolidation of the Monroe County Northeastern Agricultural District No. 3 and the Monroe County Southeastern Agricultural District No. 4 to form the Monroe County Eastern Agricultural District No. 6.

Section 2. The Legislature hereby approves the continuation, modification and consolidation of the Monroe County Northeastern Agricultural District No. 3 and the Monroe County Southeastern Agricultural District No. 4 to form the Monroe County Eastern Agricultural District No. 6, with the addition of the foregoing parcels of land in the Towns of Mendon and Rush, and the removal of the foregoing parcels of land in the Towns of Pittsford and Rush, resulting in an addition of 54.5 acres to the District, for a total of 47,610.2 acres.

Section 3. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.
